W. U. PRESIDENT DECLINES TO ACCEPT WAR BOARD RATE

Tells Wilson Decision Is Not Binding, As It Was Not Unanimous

NEW YORK, June 18.—President Newcomb Carlton of the Western Union Telegraph company, in a letter to President Wilson, made public today, virtually declined to accept the ruling of the war labor board in the dispute between the company and the Commercial Telegraphers' Union of America, as requested by the president, unless forced to do so by the war department.

He said the war labor board's decision was not binding, as it was not unanimous, as provided in the presidential proclamation creating the board. Declaring there is no danger of a telegraphers' strike and that the company feels it would not be doing justice to the public if it permitted an outside union to interfere with its work, Carlton said:

"The board of directors and the executives concerned in the management of the property, with primary responsibility to the public and the government, would deeply deplore being forced to lay aside the safeguards that experience has shown to be requisite and which are believed essential to the preservation of effective telegraph service."

The letter in part follows:

"Dear Mr. President:

"Permit me to thank you for your letter of June 11, which I acknowledged by wire on Friday.

"The foundation upon which rests the procedure of the national war labor board is contained in the following clause of the official paper issued with your permission of the eighth of April:

"When the board, after due effort of its own, through sections, local committees or otherwise, finds it impossible to settle a controversy, the board shall then sit as a board of arbitration and make an award if it can reach an unanimous conclusion. If it cannot do this, then it shall select an umpire as provided, who shall sit with the board, review the issues and render his award."

"In view of this I feel it necessary to state the facts, which are that the Walsh-Taft plan was retired by the above procedure by five votes. Following this failure of unanimous action there was no appointment of an umpire and therefore under the prescribed procedure of the board itself no decision.

"We desire to be perfectly fair with you, sir, as we have been with the board. We are not favorable to sharing the responsibility of conducting a great public service with the peculiar features of the telegraph, which the exigencies of the war have increased many fold, with members of an outside organization whose interests are personal rather than public.

"Under the plan of Mr. Walsh, concurred in by Mr. Taft, an outside union which has for many years been frankly hostile to the company would, under the pretext of a war emergency, waive its rights to strike during the war but carry on a propaganda for the purpose of enlisting sufficient of the company's employees for no possible result that it could attain during the war but only that it might furnish the nucleus for the disorganization of our service through demoralized discipline and the use of strike immediately after the exigencies of the war had ceased and released it from its promises. As indicative of the character and temper of this union, permit me to quote the following words from an official circular issued by it calling a meeting in Chicago June 9:

"Come armed if you deem it necessary."

"I need not remind you, sir, that the primary obligations of a telegraph service are to provide continuity and competence and that we desire to protect these essentials entirely during this emergency and at all times. At the time the great railway strike was imminent. The other is found in the suggestion of our employees that they form their own union or organization on the theory that the normal relationship between employer and employee is that of peace and mutual cooperation in the adjustment of their relations and not that of strife and that a spirit of hostility and efforts of warfare are not necessary for industrial progress or the adjustment of mutual relations.

"We ask you to believe our view is based on a most careful re-examination of our experience in the operation of telegraph service. There is no dispute between the company and its employees over pay or hours of labor. There is no likelihood of a strike of our employees, a body of men and women of high patriotism who have borne great burdens uncomplainingly as a part of their contribution to the nation's cause."

45 U. S. MARINES KILLED, 27 ARE DEAD FROM WOUNDS

Three California Men In Marine Corps Casualties Are 'Killed In Action'

THE good-natured looking man in overalls is Fred W. Gerken of Orange. Overallers are not his uniform. He generally wears the uniform of an American soldier, but while engaged in working on aeroplanes he dons overalls. The man with him is a French aviator-officer.

ORANGE MAN IS AERO MECHANIC IN FRENCH AVIATION CAMP; LOOKS FOR VICTORY SOON

From a French aviation camp in France comes a letter of good cheer and optimism from Fred W. Gerken of Orange, brother of Henry Gerken, one of the proprietors of the Buick Garage in Santa Ana. Fred Gerken is now an aeroplane mechanic, and during his two months in France he has seen air raids and has heard the boom of the big Berthas.

He was drafted last fall, and went with a contingent to Camp Lewis. Soon afterward he and Henry Meehan and Jerome Lyon, all of Orange, were assigned to mechanical work, and were sent to an aviation field in San Antonio, Tex. From there Gerken went to Atlanta, Ga., as mechanic with an aero squadron, while Meehan and Lyon, both of whom are also now in France, went to another field in Texas.

The letter from Gerken, received by Miss Helen White, refers to Walter Gerken, who is in Camp Lewis.

Miss White received two other pictures from Gerken beside the one reproduced here. One of them shows an interesting group gathered around a French aeroplane. There are four or five men who are unmistakably Frenchmen. There is another just as certainly a Belgian; then there's a Chinaman, and a Jap. One man is easily an Italian. On one side close to the propeller is an American soldier in uniform, and leaning over the hood of the engine is the Orange county man.

At Aviation Field

The letter has the following: "Somewhere in France, May 13, '18. 'We have moved around quite a bit since we landed on this side. I suppose you got my cards from Southampton, England, in March, and from different places in France. We arrived at our present location March 20. We are at the largest aviation field in France doing work on French aeroplanes. We are attached to the French army at the present time, but our company is doing so splendidly that we will probably be put in American squadrons in the near future.

"We have very good quarters here and the food is also satisfactory. We are getting French rations and they seem to feed O. K.

"I have been to Paris on pass several times and had the pleasure of running across 'Fat' Brown, formerly of the Wardrobe, at Santa Ana. It sure seemed good to meet someone from home.

"I heard from Walt. He said he had been sick. I sure would like to see him over here in this company. We have an occasional air raid, and hear big Bertha's explosion once in a while but this big gun seems to have been silenced now, and we haven't had an air raid for about a month.

Pictures Taken

"I had some pictures taken with some of my French comrades and am enclosing one of each. They were not pre-arranged, which accounts for the overalls.

"We'll have the kaiser licked this summer and be back home this fall. They seem to do all the worrying over on that side. This war is all a big dream to me. I am enjoying it, seeing a lot of historical places. In fact, I wouldn't have missed this opportunity for anything."

ARMED CRUISER IS TORPEDOED, SUNK

LONDON, June 18.—The armed mercantile cruiser Patria was torpedoed and sunk June 13, the Admiralty today announced. One officer and five men were drowned.

There are five steamers named Patria listed in Lloyd's—a French vessel of 11,885 tons, a Dutch vessel of 9700 tons, a Swedish vessel of 1220 tons and smaller Russian and Portuguese ships.

DUAL MONARCHY UPRISING MAY BE HASTENED BY DRIVE

Failure of Italian Offensive Likely to Bring Austrian Revolt

By J. W. T. MASON (United Press War Expert)

NEW YORK, June 18.—Austro-Hungary's offensive against Italy undoubtedly has been ordered by Hindenburg as a final despairing effort to weaken the allies through forcing Italy to withdraw from the war before America's forthcoming offensive can be started.

Hindenburg has taken a blind chance at his new blood spilling. To compel Austro-Hungarians to slaughter themselves in what will almost certainly prove a futile adventure is deliberately to stimulate disastrous democratic conditions within the dual monarchy. For the practically negligible possibility of compelling Italy to sign a separate peace, Hindenburg is risking an uprising in Austria-Hungary against German militaristic rule. So great a gamble as this demonstrates that Hindenburg realizes that time is fatally against him and that Germany must win by autumn or not at all.

The allies have been given splendid opportunity to increase dissensions in Austria-Hungary by holding fast along the Italian front.

A slight gain of territory by the Austro-Hungarians, with the capture of a few thousand prisoners, will never be accepted by Emperor Karl's subjects as sufficient justification for a heavy slaughter of Hapsburg troops. The Austro-Hungarian offensive apparently has for its immediate main object the capture of Venice. The two railway lines nearest to Venice from the Piave river are being strongly held by the Italians against powerful assaults. Venice is 15 to 20 miles away from the main enemy attacks along the Piave. If the Austro-Hungarians can cross the Piave in force it will require stiffened fighting by the Italians to save Venice, but for the present most of the enemy are being held on the eastern bank of the river.

The capture of Venice in itself would be without military value to the Austro-Hungarians because nobody in Austria-Hungary believes it would be retained after the war.

St. Louis Plants Working for U. S. Are Burned Today

EAST ST. LOUIS, Ill., June 18.—The Illinois Walnut company's plant here is in ashes and two other factories working on government contracts are badly damaged as a result of a fire this morning believed of incendiary origin.

The walnut company was making gun stocks. Four carloads of stocks and quantities of walnut lumber were consumed and the ten-acre plant was razed.

Fire broke out simultaneously in eight places at 3:30 o'clock, witnesses said.

Numerous explosions accompanied the burning of the Pure Carbonic company, an adjoining plant. The Sternkopf planing mill, nearby, caused the third alarm.

Property losses had not been estimated early today.

AMERICAN SUBMARINE SINKS U-BOAT, REPORT

NEW YORK, June 18.—A German submarine was sunk by an American submarine off the Virginia capes last Friday morning, according to a story told here today by persons arriving on a steamer from Cuba. These asserted the details were obtained from officers of the American submarine.

According to the story, the American sighted a big German U-boat with two deck guns. Evidently the German failed to spot the American, which submerged and fired a torpedo. A great concussion resulted, and the American, rising, could see nothing of the German, but oil and wreckage were discovered on the surface.

ENEMY THROWS BRIDGES ACROSS PIAVE, BUT ITALIAN RESERVES SUFFICIENT TO CHECK ADVANCE

German Troops Participate In Drive; Vienna Papers Deny Orders From Hohenzollerns; Italians Start Successful Counter Offensive; Enemy Planned to Loot Italy In Event of Victory, and Boche Send Contingent to Get German Share of Booty.

LONDON, June 18.—The Austrians have driven forward again at the extreme end of the Piave line and face both Italian flanks in the river region, it was learned today.

At Montello, the enemy has advanced four miles and occupied two-thirds of the high ground. If the occupation of the crest is completed, it is feared the Austrians might turn the whole Piave line, but the Italians are confident they can avoid this.

In the marsh land on the lower Piave, the Austrians have advanced on the fifteen mile front between Seonson and the sea to the depth of three miles. This thrust is a direct move upon Venice.

ROME, June 18.—The Italians continue to check the Austrians at all points, inflicting bloody defeats on the enemy at two places on the Piave, a communique issued by the Italian supreme command at midnight declared.

A successful counter offensive was started by the Italians on the lower Piave.

The Austrians, exhausted by the Anglo-French and Italian counter attacks in the north, have failed to renew their infantry assaults in the mountain region and in the important Montello sector.

"The enemy failed to renew his infantry attacks in the mountains and at Montello," the communique said. "South of Montello, between Zenzen and Fossalta, a three-mile front east of Treviso, an action developed. The enemy was repulsed. They left 100 prisoners.

"Between Mazon and Pendenza attempts to cross the Ave were bloodily repulsed.

"On the lower Piave a counter offensive action resulted advantageously to us."

AMSTERDAM, June 18.—German troops are participating in the Italian offensive, according to a dispatch received from Vienna today.

The same dispatch said Emperor Karl is on the Italian front.

LONDON, June 18.—Austrians have thrown fourteen bridges across the Piave river but sufficient reserves are massed opposite them to check the enemy, according to a semi-official dispatch from the Italian front today.

"The situation is most encouraging," the dispatch said. "To date the only enemy success has been on the Piave, where he has thrown fourteen bridges across. These are being subjected to heavy artillery fire. The reserves here are believed to be sufficient to check the enemy."

GERMANS FAILED IN SCHEME; SAMMIES POURING IN

LONDON, June 18.—"The results have justified the unity of command," Chancellor Bonar Law declared in the House of Commons this afternoon. "It was part of the German scheme to use up the allied reserves before the arrival of the Americans. It has failed. The Americans are pouring into France faster than was thought possible a few months ago. The extent of America's co-operation is not limited by the extent of her man power. Now it is the 'hull before the storm' but all are ready."

WASHINGTON, June 18.—Ambushed by a German force over three times their strength, thirteen American troops on patrol the night of June 13, battled their way through the enemy and returned safely, General Pershing cabled the war department today. The fierceness of the fighting is indicated by the fact that every one of the Americans was injured.

START WORK ON CITY BRIDGES INSIDE OF TEN DAYS

Contractors Begin on Main
St. Last of This Week;
Flower St. Next Week

Contracts for construction of ornamental concrete bridges over Santiago creek on North Main and North Flower streets were signed at the city council meeting last night by the contractors and George McPhee, president pro tem of the trustees, the contracts specifying that work shall begin within ten days. They also provide that an eight-hour day shall be observed on the work with a minimum of \$2 a day paid workmen.

Chris McNeill will likely start work on the North Main street bridge the last of this week—probably Friday or Saturday—Engineer Flaherty announced last night, and Contractors Wells and Bressler said they have already ordered materials and will not doubt get started on the North Flower street bridge within a week.

The contracts call for completion of the structures in 120 working days.

Notification will at once be sent the Automobile Club and signs will be posted, directing that only the lighter traffic can be routed via North Main street after the bridge work begins. The lighter traffic will use a by-pass across the creek bed east of the present bridge, and Pacific Electric passengers will be issued transfers and will change cars at the creek while the new bridge is being built. Street Superintendent James O'Brien announces the by-pass will be ready for use the latter part of this week, possibly by Thursday, so that all will be in readiness for starting operations. Two Edison poles and one other bearing pole wires which would interfere with the construction will be moved and the city attorney was last night directed to notify the companies owning them to change them to new locations where they will be out of the way of bridge builders. The electric lights on the bridge will also be moved to light the by-pass.

Under a new arrangement, cement for the North Main street bridge will be furnished Contractor McNeill by the Pacific Electric, which purchased a large quantity and then was not able to use it on account of war conditions.

Bonds of the contractors were filed with the board last night.

Proposed Street Paving
A petition signed by 50 per cent of property owners on North Parton street between Hickey and Tenth asking for rock and oil paving was presented to the board, 1396 feet being signed up.

"In times like these, 50 per cent requests for costly improvement is not enough," said Trustee Tubbs. "That is eminently correct," said McPhee. Trustees Greenleaf and Maryatt were also of the opinion that the petition for such improvements should be near unanimous, so the petition was referred back for more signatures.

A petition for rock and oil paving on North Birch street between Fifth and Sixth streets, with the total frontage of 400 feet signed up, was presented by Wells and Bressler and was granted by the board.

Band Concerts Assured
The offer of the Elks' Band to give a series of nine open-air concerts this summer at Birch Park, beginning Wednesday evening, July 3, with five concerts in July and four in August, was accepted by the council, the sum of \$75 to be paid out of the city's music fund for each concert.

Too Many Dogs in Town
The periodical subject of too many dogs running unlicensed through the city bobbed up again last night. Tubbs said there are a great many more here than there is any use for, and McPhee said about twenty-five gathered every night—all night—near Van Ness and Fifth for a concert. Various methods were talked of to remedy the situation, including the "shotgun method," dog catcher with resultant drowning or choloform parties, etc. It was finally decided to instruct a special effort to collect tax on all dogs that are worth it, the council meanwhile devising some method of relieving the dog surplus.

Gasoline Pump on Curb? No!
Chairman Tubbs of the gasoline pump committee recommended after investigation that the application of the Santa Ana Rubber Company for permission to install a curb gasoline pump on West Fifth street be denied. He also said the policy should be carried out and the curb pump on Sixth near Main should also be removed. Chairman Pro Tem McPhee suggested that Mayor Visel is agreed on the elimination of curb pumps and as the Sixth street pump is on Visel's property, that as a matter of courtesy this matter be postponed until Visel's return. McPhee also suggested there be some modification of the Zerman gas pump system on East Fourth street.

licer J. L. Clark, the services of the present part-time deputy sanitary inspector will be dispensed with the last day of June, and beginning July 1 for the three summer months a full-time inspector will be put on as sanitary conditions need more attention in summer than in winter.

On recommendation of Water Superintendent Reid, a warrant was drawn in favor of Mr. Black for \$5 in connection with sewage disposal on Slack's property while the North Main street bridge is being constructed, necessitating disconnection of the sewer pipe across the bridge.

Immediate action on the city license matter was promised, preceded by a complete investigation, upon Tubbs bringing up the matter of trucking licenses. Santa Ana, said Tubbs, charges \$12 a year for trucking license whether the owner lives in this city or not, while the city of Orange charges \$12 for home people and a Santa Ana firm or other outside company operating in Orange is charged \$40 a year license fee.

A warrant for \$47.25 was ordered drawn in favor of the State Compensation Insurance Fund, as final payment on insurance formerly held by the city with the state fund.

Adjournment was taken until next Monday night, June 24, when a special meeting will be held for the purpose of opening bids for the Bristol street paving.

STAMP WORKERS ENTHUSIASTIC OVER DRIVE

Practically Every Chairman
In Attendance at Meeting
Last Night

Washington D. C.
6:30 P. M., June 17, 1918.

John A. McFadden,
County Chairman,
War Savings Committee,
Santa Ana, California.

War Savings Day, June 28th, will be test of the effectiveness of our Thrift campaign. If the doctrine has been accepted you should secure your whole quota in pledged savers. Lay your campaign plans carefully and demand results. I am depending upon you as County Chairman and upon your splendid organizations of workers to make a record for your county. Your patriotic endeavor splendid organization of to win successful results. I want to see your county go "over the top" on June 28th.
(Signed) F. A. VANDERLIP,
National Chairman.

The success of the war stamp drive is practically assured. This assurance comes through the fact that practically every man appointed as precinct captain to organize working forces in each of the thirty precincts of the city turned out last night at the meeting held at the Chamber of Commerce rooms to get instructions for the campaign. The men are all active workers and are enthusiastic ever placing "baby bonds" in every home in the city.

City Chairman F. L. Andrews and Drive Chairman Horace Fine placed the details before them and today many of them are engaged in laying their plans for an efficient organization in their districts. The work will start with a snap and under the organization everyone in the city will be given an opportunity to sign a pledge to purchase War Savings Stamps throughout the remaining six months in the year.

The precinct captains and their workers will meet in the banquet room at Elks' hall next Monday evening to receive final instructions and working equipment. Perry Weidner, one of the best speakers of the War Savings speakers' bureau, will address the meeting.

About \$96,000 (maturity value) of stamps have been sold at the Santa Ana postoffice. The schools of the city in the drive last week pledged about \$18,000. About \$40,000 is yet to be purchased by members of the \$100 club. This leaves about \$146,000 to be sold and pledged in the drive. Six committees are now working on \$500 clubs. Several members have already been secured. The committees will probably have worked out their lists by the time the drive starts, and the total to be raised will be less whatever the total of the clubs amounts to.

If Orange county goes over the top of her \$903,000 quota, the larger communities of the county will have to pledge more than their quota, for many of the smaller communities will not raise their quotas.

Postmaster Ahlborn of Anaheim was the speaker last night and he made a brief talk giving the solicitors some good pointers in the method of conducting their selling campaign.

MEN SELECTED TO GO JUNE 27 TO VANCOUVER

County Will Be Called on to
Name Men to Go to
Special School

The local draft board has selected the twenty-one men who are to go to Vancouver Barracks under the call for limited service men. These men are listed as laborers, and presumably they are to go into the spruce woods for work there. Some of them had given other occupations than laborer as occupations of their choice, but they are ready to go at this time and have changed their occupational designation to laborer.

These men leave Los Angeles at 9 a. m. on June 27th.

The next draft contingent of men fully qualified for military service is to leave Santa Ana at 2:50 p. m., June 24. Those to go in that contingent were announced ten days ago.

The twenty-one men who are to go to Vancouver Barracks as limited service men are:

Theodore West, 1907 Riverine; Spencer S. Collins, 628 French; Coleman A. Hargett, 918 Lacy; Ralph M. Doyle, 208 South Sycamore; Bernard Nuffer, 1220 East Palmyra; Orange; Thomas D. Daniels, 202 Hathaway; Arthur J. Brady, South Flower; John E. House, San Juan Capistrano; Ralph A. McTaggart, Tustin; Charles H. Mooney, Los Angeles; Bazeman Bacon, Long Beach; John C. Alexander, San Pedro; Fred L. Young, R. D. 7, Santa Ana; Ripley B. Sears, Yuma, Ariz.; Oscar D. Scott, El Toro; Verna C. Lay, Corcoran; George E. Amos, 306 N. Lemon, Orange; George L. Sweager, El Toro; Fred F. Waldow, 403 South Grand, Orange; William B. Coe, San Juan Capistrano; George W. Hildebrand, R. D. 7, Santa Ana.

The alternates are: Chester A. Rose, 417 Cypress avenue; Carl E. Cherry, R. D. 1, Box 84; Leslie M. Baker, 154 South Orange, Orange; Manuel G. Pangilla, 202 1/2 East Fourth; Archie C. Barne, 639 North Parton; Oscar Means, Tustin.

Will Get Quota

The local board has been notified that on July 1 744 men are to report at Los Angeles and 103 at Berkeley for special training as auto mechanics, blacksmiths, chauffeurs, carpenters, concrete workers, electricians, gas engineers, ignition, radio operators and sheet metal workers. Training will be at government expense, and will be valuable in civil life. Each man must have a grammar school education. At the end of the course these men will be assigned to army duty.

Registrants can present themselves to the local board for voluntary induction to this schooling. Those who apply not later than June 21 will be listed and the adjutant general will be notified. Each local board will then be notified how many to send.

Recently Enlisted

No. 1 board has been notified by the naval recruiting station in Los Angeles that the following have enlisted in the navy: Harold E. Yost, Richard J. Hamann, Arthur W. Johnson, Herbert W. Batterman, Harry D. Jumper and Samuel Lowell Stevenson.

WILL C. WOOD URGES BETTER SALARIES TO TEACHERS OF STATE

SACRAMENTO, June 18.—"The schools must be kept open and we can't have schools without teachers who will accept positions commanding better salaries unless given a salary increase," declared Will C. Wood, state high school commissioner, today, in advocating better pay for teachers.

"Statistics of the United States Labor Bureau show the average cost of 16 commonly used foodstuffs increased 54 per cent between July, 1914, and December, 1917," said Wood, "and the prices of clothing also have advanced. The teacher is hard put to make her salary cover even the ordinary expenses, let alone responding to various appeals for contributions to war agencies."

Wood says that because of better pay in other lines of work teachers are being lost, normal schools are graduating smaller classes than at any time in recent years and the teaching reserves are thus being reduced.

In order to give the teachers an increase in pay, Wood advocates the cutting down of all unnecessary expenditures and economizing in every way by teachers and pupils. He also urges county school boards, if need be, to request county boards of supervisors for a substantial increase in the county rate for elementary schools.

CAMP LEWIS IS MOST HEALTHY ARMY CAMP

SACRAMENTO, June 18.—Camp Lewis, Wash., is maintaining her record as being one of the most healthy cantonments in the United States, according to the health report for the week ending June 7 just received by Governor Stephens from Major F. R. Mount, division sanitary inspector.

Major Mount reports that only five deaths occurred among the men at the camp, three deaths being due to pneumonia, one to meningitis and one to tuberculosis. The following cases of disease were reported:

Chicken pox, 1; malaria, 5; measles, 14; Liberty measles, 25; meningitis, 2; mumps, 31; pneumonia, 4; scarlet fever, 8.

Major Mount says that the three meningitis cases and 32 of the 39 cases of measles were among draft men recently received at the camp.

BUILDING BUSINESS SHOWS HEALTHY GAIN

Building Inspector Ash says business is picking up in his line. Yesterday Barrows & Hill took out a permit to build a seven-room dwelling for J. C. Gibb, at 1922 North Broadway.

A. C. Black has taken out a permit for remodeling the store room at 203 West Fourth street, formerly occupied by the Rossmore cafe. The repairs will cost \$645 and the building will be occupied by the Unique Clothing & Suit House of Los Angeles, Applebaum & Smith, lessees, about July 10. Mrs. C. E. French is the owner of the building.

MUST TELL WHY THEIR DOORS ARE CLOSED IN FOOD VIOLATION CASE

LOS ANGELES, June 18.—Three Los Angeles restaurants must do more than close their doors for a day as a result of conviction on food regulation violation charges. Each must prominently display on the front door a large sign, telling just why the place is not serving viands as usual. Louis M. Cole, local food administrator, made this a proviso when he allowed the firms to agree to close all of one day.

THIN PEOPLE SHOULD TAKE PHOSPHATE

Nothing Like Plain Bitro-Phosphate to Put on Firm, Healthy Flesh and to Increase Strength, Vigor and Nerve Force

Judging from the countless preparations and treatments which are continually being advertised for the purpose of making thin people fleshy, developing arms, neck and bust, and replacing ugly hollows and angles by the soft curved lines of health and beauty, there are evidently thousands of men and women who keenly feel their excessive thinness.

Thinness and weakness are usually due to starved nerves. Our bodies need more phosphate than is contained in modern foods. Physicians claim there is nothing that will supply this deficiency so well as the organic phosphate known among druggists as bitro-phosphate, which is inexpensive and is sold by Rowley Drug Co. and most all druggists under a guarantee of satisfaction or money back. By feeding the nerves directly and by supplying the body cells with the necessary phosphoric food elements, bitro-phosphate quickly produces a welcome transformation in the appearance; the increase in weight frequently being astonishing.

This increase in weight also carries with it a general improvement in the health. Nervousness, sleeplessness and lack of energy which nearly always accompany excessive thinness, soon disappear, dull eyes become bright, and pale cheeks glow with the bloom of perfect health.

CAUTION:—Although bitro-phosphate is unsurpassed for relieving nervousness, sleeplessness and general weakness, it should not, owing to its remarkable flesh-growing properties, be used by anyone who does not desire to put on flesh.—Adv.

TEACHER WAR-BRIDE LOSES POSITION, SAN BERNARDINO

SAN BERNARDINO, Cal., June 17.—What is to be the lot of the "teacher-war bride?"

It has fallen to the San Bernardino board of education to set a precedent in the matter, and despite strenuous objection, the board has decided to enforce its rule that teachers cannot be teachers and be married, too.

It was the case of Miss Ida Elizabeth Davis of the San Bernardino high school teaching staff, which brought forth the decision. Miss Davis admitted that she had married Sergt. Earl S. Eccleston of Camp Lewis, last April and had taught for weeks after her marriage, without the secret becoming known or without the principal of the school noticing any falling off in her teaching ability.

"I cannot live on a soldier's pay. I must work. What shall I do?" was the way Miss Davis put her case before the school board.

"Does it make no difference to the San Bernardino board that this is war time? My husband is leaving for the front in a few months. Has the board a right to say that I cannot marry him and still hold my position?"

"My husband will not be with me. He will be at the front. He has been in camp all along. I was married secretly anyway at Easter tide. Even the principal of the high school, L. L. Beeman, admits he could discover no difference in my work."

"I question the right, anyway, of a school board setting aside 'love months' and 'anti-romance' months for the women teachers. Being married in no way affects my mental capacity. In times of peace I make no protest. But war time is different. I have spent years training myself to teach language and history. And I expect to teach. That is my profession. No one has a right to take it from me."

But the board was firm and Mrs. Eccleston lost her place.

'Y' SECRETARIES TAKE TRAINING AT ASILOMAR SCHOOL

ASILOMAR, Cal., June 18.—Two hundred Y. M. C. A. secretaries from California, Nevada, Oregon and Arizona were in attendance at the opening of the fourth annual Y. M. C. A. secretaries' school here today.

Lyman L. Pierce, general secretary of the San Francisco Y. M. C. A., acted as principal of the school and R. K. Perkins as dean of the city association work.

The session closes July 2.

BRIGHT NEW STAR IS BEGINNING TO FADE

LOS ANGELES, June 18.—The bright new star which recently flashed into view, is beginning to fade, according to members of the Mt. Wilson Observatory staff. The scientists declare the star may be visible for several months or it may get dimmer and dimmer and gradually disappear. The star is the brightest that has appeared since 1901 and prior to that time the only one recorded came into view in 1604.

Pre-Inventor's Sale

A CLEAN-UP Of Summer Merchandise

The extraordinary situation in which we found ourselves required immediate adjustment of our merchandising plans so that our patrons would lose no opportunity to benefit by our customers sales. To meet this situation we are now conducting a Pre-Inventor's Sale—a clean-up of our latest and best summer merchandise. That this store is organized to meet any emergency is shown by our complete readiness, in merchandise and sales force, to conduct such a tremendous sale under such conditions as prevail everywhere at present. Everything is ready—in the comprehensive summer stocks; plenteous assortments and varieties of late models and materials for which our sales have always been distinguished. The merchandise in every case is of the high standard always found here. The prices so low that the savings are greater perhaps than any sale we have heretofore offered the buying public of this community. Remember that the entire store is ablaze with bargains. In this limited space we can at best quote but a few items.

PLAYING AT GOVERNMENT

Illuminating accounts of conditions in Russia are given by Italian soldiers who were in that country until recently as war prisoners, and who are now touring America. They tell particularly amazing tales about Siberia.

Every town, they say, is a separate and independent government, taking orders from no higher authority, and having a revolution of its own every few days.

The spirit in which they conduct public affairs is shown by this picturesque incident. In one town there was a change of government every time a new group of debaters made a better impression in the public forum than the heads of the existing administration. One day the population turned out and submitted the fate of their republic to a three-cornered debate. A Kerensky speaker made a fine address, and the crowd voted for him. Then a Bolshevik orator spoke, and the crowd voted for him. Finally the third speaker, an independent, got up in disgust, and shouted:

"You are a lot of blockheads. You cheer one man with all your might, and then you go wild over another man who says just the opposite. Have you no brains? What is the matter with you, you ignorant asses? Russians can never be anything but a pack of fools when they act as you do."

That abuse made such a hit with the crowd that the speaker was immediately elected head of the commonwealth, and borne off in triumph on the shoulders of the populace.

A great empire broken into a thousand fragments, and every fragment a crowd of irresponsible children playing at government—that's Russia.

LET ALL ENLIST

President Wilson, in his statement calling upon every man, woman and child to pledge themselves on or before June 28 to save constantly and to buy regularly the securities of the government, says, "May there be none unenlisted on that day!"

As the president points out, "This war is one of nations—not of armies—and all of our 100,000,000 people must be economically and industrially adjusted to war conditions if this nation is to play its full part in the conflict."

Our nation, not our army and navy only, is at war. And that means that all of us not actually fighting must do our part.

That part consists in giving the army and the navy all the support of which we are capable. To do that each one of us must first of all be a producer to our maximum ability and a consumer of necessities only, for every bit of man power and every particle of material is necessary for the use of the army and navy and for the making of the things essential to our citizens.

As a maximum producer and as a consumer of necessities only, each one of us will be an accumulator of savings. And these savings can be invested in War Savings Stamps with benefit both to the government and ourselves.

LOYAL TO AMERICA

"We want America to win this war as we never wanted anything in the world before. We cannot think of any nobler work for German-Americans to do than help win it. Some of us know the German government even better than other Americans know it, and we want this war to go on until that government is utterly discredited in the eyes of the German people, and overthrown."

"If there are any other German-Americans who feel otherwise, we intend to find it out, and to talk to them like a Dutch uncle. If there are any actually disloyal, we intend to turn them over to the department of justice."

So speaks William Forster, president of the Liederkranz, the new organization which aims to line up our 15,000,000 German-Americans in loyal support of the government and prosecution of the war.

The success that is attending this admirable movement represents the final answer of German-Americanism to Prussianism.

MAY LAUNCHINGS

The United States is building ships, and making records in the work. Since present records are destined to be broken and excelled right along, there is no need to stop work to celebrate them.

Nevertheless it is interesting to read that launchings in May lacked only 57,886 tons of equalling the American launchings for the entire year of 1901. Of course it doesn't speak very well for 1901, but that was our banner year in shipbuilding before the war.

Our May launchings also exceeded the highest monthly average of the United Kingdom, made in 1913, with a record of 102,931 tons.

Of the 71 ships launched in May, 39 were steel and 32 wood. Their total capacity was 344,450 deadweight tons. Incidentally, it is a cheering fact that ships are being finished and put into service in shorter periods after the hulls go into the water than ever before.

The United States may be slow getting started, but there's no limit to national achievement once we're off.

War Savings Stamps help provide that "Force, force to the utmost, force without stint or limit, the righteous and triumphant force which shall make right the law of the world," which President Wilson says must be used against our enemies.

"YANKS"

It appears that the term "Sammy" hasn't "taken" as well as home folks imagine. The soldiers themselves don't like it any better than they did at first, and their British and French comrades-in-arms don't make much use of it. The term applied generally by the British and French is the same term that they used before the war—"Yankee," colloquially shortened to "Yank."

The testimony of a certain captain from Virginia in "The Stars and Stripes," a battle-front publication, shows how our boys feel about it. "There was a time," he says, "when a Virginian would have felt he was being called a foreigner if anyone applied 'Yank' to him. But I rather like it now; and when it comes to a choice between 'Yank' and 'Sammy,' there can be only one answer. Maybe a few battles will evolve something else, but I'm afraid we'll stay 'Yanks' just as the British fighter has remained 'Tommy Atkins.'"

"Yank" is the unanimous vote at the base section here."

Equality of Sacrifice

The New York Times recently said editorially:

"No man or woman who has acquired a Liberty Bond is relieved from the duty of buying War Savings Stamps. To leave the Stamps plan of lending money to the government to those of narrow means and to the young people is to be careless of the cause of America and her allies."

"Does the average man or woman who earns a substantial salary or good wages have any idea of the sacrifices made by the small investors in War Savings Stamps to do their 'bit' in the war? It is often a story of silent heroism. If those in fairly easy circumstances emulated the very poor whose souls are filled with unyielding resolution to do their share to win the war, what a boom there would be in the government's receipts from the sales of War Savings Stamps."

Now is the time for everyone, no matter what his station in life may be, to make as great a sacrifice for his government and for humanity as is made by the most humble of our citizens. Everyone on or before June 28 should pledge himself to save to the utmost of his ability and to buy War Savings Stamps with his savings. There should be an equality of sacrifice.

It's curious, when you think of it, how few men really go wrong, despite the evil indications of their boyhood. Fewer still would go wrong if they were treated understandingly while their characters were pliable. Most of the offenses that boys—and girls—commit are not evidences of inherent wickedness at all, but only of superfluous and misdirected energy. Most of their alarming tendencies are phases of development or accidents of environment, and are outgrown naturally. They will be outgrown more quickly with a little sympathetic help.

Carpeting the Mississippi

New York Sun

The Mississippi river, most capricious and pampered of all streams, on which Uncle Sam has spent millions of dollars in jetties and levees to keep her in place, is now having a carpet made for her at an expense of hundreds of thousands of dollars. Rather, she is having a number of carpets made—not of cotton or linen or wool, but of trees and branches. Some of the carpets are a mile in length and 200 feet in width.

They will be used to carpet the bed of the river near Memphis, Tenn., in order to prevent the stream from changing its course and leaving the city high and dry. The Mississippi has an unfortunate and expensive habit of cutting new channels and deserting towns upon its banks that have grown up into thriving centers on account of their position on the stream. There are scores of towns that have been left, sometimes several miles back from the new river bed. Of course, this results in the ruin of the deserted town.

In the case of Memphis, the consequences of the river cutting a new channel several miles west of its present bed and leaving a city of more than 100,000 population stranded would be so serious that the government has come to the rescue of the threatened town. Immense carpets of willow branches, firmly fastened together, have been laid over the bed of the stream. These great carpets, heavily weighted with stone, sink to the bottom.

The carpets, when properly laid, are pinned in place by piles being driven down through them deep into the bed of the river. That stops the erosion of the river bed and keeps the channel in place.

Bud Flivver's Observations

*** Isn't it funny—How important—Some people's acts are—in their own opinion?

*** Last night Theodore Scaram—Came over to our house—To tell me about—An attempted burglary—At his home—

*** And he said—He was sitting there—in the library—Smoking his pipe—And listening to his wife—Playing the piano—

*** And she is—A good musician—And they get her to play—For home talent shows—And things like that—

*** And Theodore said—She was playing—"When the Swallows Homeward Fly"—And he was thinking—Of the pesky—English sparrows back east—

*** And he heard a noise—At the back bedroom window—Like some guy—Was trying to—Raise the screen—

*** And he had on—His felt slippers—He got at a grab sale—And he didn't—Make any noise—When he walked—

*** And he slipped back—To the bedroom door—And he could hear—The burglar working—At the window—

*** And he said—He went back—And told Mrs. Scaram—To keep on playing—So the burglar—Wouldn't suspect anything—

*** And he got his pistol—And sneaked out—Back of the house—And asked the guy—What he was doing—

*** And the fellow—Didn't say anything—And started to run—For the back gate—

*** And he said—He fired three shots—And he thought—He saw the fellow stagger—Down the alley—

*** And he got a lantern—And went and looked—And he found some spots—That he thought—Were blood—

*** And he went back—In the house—And Mrs. Scaram—Was playing—"The End of a Perfect Day"—

*** And he asked me—What did I think—Of his plan—Of putting a stop—to burglary—

*** And I told him—I thought it was fine—When a burglar came round—To fill his shriveled—Soul with music—And then shoot him—By Bud.

views. Either German principles of right, freedom, honor and morality must be upheld; or Anglo-Saxon principles of idolatry to Mammon must be victorious.

"Anglo-Saxon aims are making the peoples of the world slaves. Such a matter as whether the Anglo-Saxon shall be the ruling race cannot be decided in a year."

Successful British Raids
LONDON, June 18.—"British troops conducted successful raids southwest of Albert and in the neighborhood of Moyenneville," Field Marshal Haig reported today.

"Patrol encounters east of the Nieppe forest resulted in capture of prisoners and machine guns. Hostile artillery was active on the Ancre valley, south of Albert and west of Serre."

"Southwest of Villers-Bretonneux a hostile raiding party was repulsed last night. A few prisoners were taken."

"Victory or Death," Says Orlando

ROME, June 18.—"Annihilation of the Italian people is preferable to a dishonorable peace," Premier Orlando declared in addressing the Chamber of Deputies yesterday. "The government will neglect no opportunity of concluding a just and honorable peace but not a single possibility of such a peace has ever yet shown itself."

Planned to Loot Italy

ROME, June 18.—Austria's entire effective military strength already has been thrown into the Italian drive, according to a semi-official statement today.

Of Austria's total of 92 divisions (1,104,000 men) 71 divisions (892,000 men) already have been identified on the Italian front. So far as quality is concerned these constitute the whole of the enemy's really efficient troops.

The Austrians have at least 700,000 guns of all caliber and their aviation forces in use, together with an abundance of war material.

Yet they have only progressed at two points, where their gains are very slight compared with the objectives assigned to them.

From captured documents and the statements of prisoners, there is no doubt the enemy command sent its troops into the offensive with the promise of booty.

Cannon and trench mortars were furnished the Austrians in large numbers by Germans. In return, according to prisoners, the Austrians have permitted a German "requisition" battalion to operate on the Italian front in order to secure a portion of the anticipated loot.

Use Artificial Fogs

GENEVA, June 18.—The greatest Austrian gain in the Italian drive has been made along the Piave, where they have established bridgeheads on three principal crossings, according to a dispatch from Italian headquarters.

The Austrians, the dispatch said, blinded the Italian artillery and airplanes by quantities of smoke shells, covering the Italian trenches along the river with a dense black fog. Under cover of this patrols crossed the river in boats, pulling pontoons after them. Bridges were constructed on the pontoons and reinforcements rapidly crossed.

The "three principal crossings" probably refer to that of Il Montello and the railway bridges at St. Andrea and San Dona di Piave.

ATTORNEY LUNCHEON SPEAKER TOMORROW

John W. Luter, an attorney of Los Angeles, will speak at the weekly luncheon at James tomorrow. Attorney Luter is a prominent orator of the metropolis and will speak on a topic of his own choosing. Horace Fine is chairman.

The matter of discontinuing the luncheons during the summer will come up for discussion. The warm weather is driving many people to the beaches, and as soon as school is dismissed there probably will be a general exodus to the beaches and mountains.

SET THE STAKES FOR NEW BEAN WAREHOUSE

H. C. McCord and A. E. Bird this afternoon staked the ground for the new warehouse to be erected at Greenville by the Greenville Bean Association. Bird is the general contractor and McCord has the contract for all the reinforced concrete work in connection with the building of the warehouse.

McCord will push the work on the foundation in order that the frame construction may proceed without delay.

LOS ANGELES, June 18.—The citrus industry of the United States faces grave danger after the war unless a protective tariff is provided to prevent dumping of Italian citrus fruits in the American markets. This was the testimony given by representative growers and experts before William S. Culbertson of the U. S. tariff commission, who is holding hearings here to ascertain commodity tariff needs.

The citrus industry is suffering at present, according to statements of growers. Sugar conservation regulations have greatly reduced the demand for lemons and grape fruit, all foreign markets are closed to citrus products, and the high wages being paid for war workers make the citrus cultivation labor problem exceedingly serious.

The olive industry and its need of tariff protection is being studied this afternoon by Commissioner Culbertson.

DESERT FIGHT REVEALS CASHIER PECULATIONS

LOS ANGELES, June 18.—That William Cramer, former cashier of the F. A. Heim company, is being widely sought for on embezzlement charges said to have grown out of too much intimacy with the race horse game, came to light today with sheriff's office reports of a rifle battle in the desert.

Receiving a tip that Cramer had left Randsburg after hiding there, Deputy Sheriff's Bell and Modie took a desert train from there. Some distance out, they encountered an automobile in which William Pool and James Carson, mining engineers, were carrying a mining company's payroll.

The officers thought the engineers were Cramer and a companion and sped up; the engineers mistook the deputies for robbers and also sped up, finally entrenching in a pile of rocks and exchanging shots with the officers before the mistake was discovered.

Cramer is said to have been employed as a confidential manager in San Francisco, Chicago and eastern cafes before coming here.

GEN. MORRISON TAKES WEST ARMY COMMAND

SAN FRANCISCO, June 18.—Major General John F. Morrison today took charge of the western department headquarters, succeeding Brig. Gen. John S. Treat, who goes to Italy as head of the U. S. military mission.

General Morrison, until yesterday commander of the Eighth division at Camp Fremont, is succeeded there by Brig. Gen. Joseph D. Leitch, commander of the 15th infantry brigade.

EELLS-MILLER

Well-Known Santa Ana People Married Last Week In Seattle

Announcements were received here today of the marriage in Seattle on June 13 of Arthur L. Eells and Miss Emeline Miller.

Corporal Eells was formerly deputy sheriff here and left for Camp Lewis in charge of the first contingent of men sent by the local draft board. Miss Miller has for some years been office deputy in the county surveyor's office. Both young people have scores of friends to whom the announcement is as interesting as it is surprising, for the bride left last week ostensibly for a vacation, with never a hint even to her best friends as to the romantic nature of her journey.

Corporal and Mrs. Eells have the best wishes of many friends.

W. R. C. Memorial Services

The Woman's Relief Corps will decorate the graves and hold memorial services for their departed members next Thursday, June 20th. The members and friends who wish to participate will meet at G. A. R. hall Thursday morning at 8:30 o'clock, where it is hoped there will be a number of automobiles to convey them to the cemetery. All who can do so are asked to take flowers with them. After decorating the graves, they will return to the G. A. R. hall and partake of a light luncheon, which it is expected each lady will help provide by taking "lunch for two," as the comrades will be guests. Memorial services will be held at 1:30 p. m., following which will be the regular Corps meeting.

Members of Sedgwick Post are invited to attend; also the friends of those whose graves are decorated, and the public in general who believe that the patriotic women who work and bear the burdens war inflicts upon them are worthy of this token of loving remembrance from their sister women.

Congregational Missionary Society. Missionary department of the Woman's Union of the First Congregational church will meet Wednesday afternoon at 2:30 at the home of Mrs. William Douglas, 2681 North Main street. Mrs. Watson will conduct the devotional service; Mrs. Blake will present chapter 6 of "African Trail"; Mrs. Paul K. Tamura, wife of the Japanese minister, will sing. The social committee is composed of Mesdames Lippatt, Clark, Eley, Etchison, Robinson, Palmer, Misses Pease, Wherry, Thacker and Hupp. All ladies are cordially invited. This will be the last meeting of the season.

FOR VISITOR

Mrs. Rowley Entertained Yesterday With Luncheon For Miss Alger

Mrs. A. R. Rowley was hostess yesterday at a pretty luncheon complementing Miss Edna Alger, who has been an interesting visitor in town for the past week.

The luncheon table was decorated with the flags of the Allies, the patriotic note also being carried out in the nut cups and place cards.

Mrs. Flora Henninger and Dr. Ireys of Los Angeles were guests, as were also Miss Anna McKee of Korea, who will sail for the Orient on the same boat with Miss Alger; Miss Margarita Moran, a missionary from India, and Miss Estella Daniel.

Miss Alger has had a year's furlough from her missionary work in China, and sails from San Francisco on the 27th of July on her return trip.

Birthday Party

Murrell Rash celebrated her fourteenth birthday on Saturday afternoon with a merry party, at which her closest friends were the guests. The house was beautifully decorated with Shasta daisies and ferns, and yellow and white crepe paper, and daisies decorated the place cards and napkins.

The big, white birthday cake was the most tempting feature of the dainty refreshments. Those who shared the birthday party were Misses Eileen Young, Bernice Hanning, Hazel Isenberg, Merriam Davis, Lida Vest, Dorothy Wilson, Marie and Murrell Rash.

Unitarian Red Cross Meeting

There will be a business meeting also and members and friends are invited to attend.

LEMON JUICE

TAKES OFF TAN

Girls! Make bleaching lotion if skin is sunburned, tanned or freckled

Squeeze the juice of two lemons into a bottle containing three ounces of orchard white, shake well, and you have a quarter pint of the best freckle and tan lotion, and complexion beautifier, at very, very small cost.

Your grocer has the lemons and any drug store or toilet counter will supply three ounces of orchard white for a few cents. Massage this sweetly fragrant lotion into the face, neck, arms and hands each day and see how freckles and blemishes disappear and how clear, soft and white the skin becomes. Yes! It is harmless.—Adv.

PRESENT DAY CLUB

Annual Picnic Was Held at County Park Last Night

That the outing of the Present Day Club in Orange County Park last evening was a strategic success is evidenced by the following communication sent in by one of the members:

Last evening the Present Day Club of Santa Ana halted at the County Park military camp for a final review of the year's advance. Mess was enjoyed at 6:30 under the direction of Commissary Sergeant Campau and volunteers. Rations were both abundant and appetizing.

The only enemy attacks were from the monoplane (fly) and (donkey) tank. The enemy was repulsed and no lives were sacrificed. Commander of the day was our most efficient civil officer, Schrock, commander of so many Orange county outposts, always so competent in any maneuver made by church, movie, literary or civic club, even to mess camp. In this battle of wit the toasted attacks were kindly made and cleverly repulsed.

Sub-officer Major (Mrs.) Clarkson toasted our military camp, the public school. The object of the camp is to train physically, mentally and spiritually for the greatest tomorrow the world has ever known.

Commander Thomas being on the casualty list, Admiral Davis took command of the submarine of civil life, the ballot. Not made in Germany but Australian ballot, often makes a surprise attack, bobs up and punctures fond hopes. In the hands of the women may the future maneuvers be wisely and rightly made. The gas defense (the newspapers) was made by Col. O'Rear. At once we appreciated how dull the life of the civilian when beyond their attack. They are the syndicates, the inside intelligence men, the molders of public opinion and withholders of secret tactics.

The aviation corps (our church) was toasted by Major (Mrs.) A. J. Crookshank. An analogy between airplanes and church was valiantly made.

With the major we studied the state of perfection attained, then we mounted to the vast heavens of inspiration, leaving the small earth below. Under the wise command of Brig. Gen. (Rev.) Kennedy the private from the trench was marched forth. Without him Poch, Wilson or Bisby must fall back. Our trench men of common life must ever be at attention, ready to fight.

The investigating democrat, Hon. Perkins, reviewed the year's advance of the Present Day Club Corps. These thoughts were molded, then polished by discussion.

Objective points attacked were Outside Evangelism and our own clergy. Where are we in democracy? Problems of child's mental and physical preparedness, deportation of Belgians, soldiers in training camp, war influence on present day literature, etc.

The year's march has been ever spirited by the best of music. The corps goes into summer quarters but renews its line of march in September, advancing into new fields and asking fresh enemies to conquer.

Bethany Class Social

On Saturday evening the Bethany class of the First M. E. church was royally entertained by the class teacher, Mrs. J. W. Winslow. Patriotic decorations were used. The business meeting, presided over by the president, Miss Lela Heil, was the last one the class will hold until next October, when it will re-organize. An evening spent with music and some excellent readings was very much enjoyed. Refreshments of ice cream and cake, in patriotic color and design, were served. The party was a courtesy to Miss Lela Heil, who soon leaves for summer school at Berkeley.

Those present were Misses Lela Heil, Helen Von Allman, Lydia Fisher, Janie Jones, M. Henderson, Leona Henderson, visiting here from South America; Marjorie Warner and her two house guests from Pasadena.

PERSONAL MENTION

Frank B. Dunlap, president of the Speer Wholesale Hardware Company of Fort Smith, Arkansas, is here for a brief visit with his late wife's parents, Mr. and Mrs. W. J. Fleming, on North Main street.

Mrs. W. B. Williams went to Los Angeles this morning to remain until tomorrow.

E. B. Smith made a trip to Los Angeles today.

Laurie Jones, who has been very ill for many weeks, is now able to be out of doors a little while each day.

Dr. and Mrs. C. D. Ball and family have gone to Bear Valley for a two weeks' outing. During Dr. Ball's absence, Dr. Dubois will be in his office afternoons.

Mr. and Mrs. Robt. H. Blee, who have been spending their vacation at Anaheim Landing, returned today to their home at Banning. Mr. Blee has been principal of the schools at Banning for a few years. He will be in charge of the schools at Puente this year and will move his family there at once.

C. M. McCain left today over the Southern Pacific for Anniston, Alabama, where he goes to visit his son, Adrian McCain, before the latter departs for over seas. McCain will return via St. Louis, and will go to Paducah, Kentucky, to visit with friends in his old home town, which he has not visited in twenty years. From Paducah he will go to Newport, Arkansas, to visit a brother of Mrs. McCain. He will be gone between three weeks and a month.

'MICE AND MEN' HERE TOMORROW EVENING

The first performance of the Orange Union High School play, "Mice and Men," was well received last night at Orange and will be repeated there tonight, so with two appearances the third rendition to be given here in the high school auditorium should be perfect. The play will be given tomorrow night at 8:15 o'clock and the proceeds will be divided between the two schools to be used for war activities.

The settings of the play are very effective, particularly in act four, where there is a real garden of charming old-fashioned flowers, not forgetting the tall, stately hollyhock. The costumes are very effective and beautiful and artistic in coloring. The play is in four acts, under the direction of Miss Lucille Curtis.

Red Cross Activities

The Red Cross is calling for millions of hands

To float its fair standard o'er seas and o'er lands.

Where wounded lie bleeding, where night time is high.

O, heed their keen anguish and come, lest they die.

The eyes of the stricken, when shadowed with doom,

Must see that bright beacon dawn red through the gloom.

Then bring hope to many, kind hands of the world,

The Red Cross is calling with standards unfurled.

The Red Cross is calling for millions of hearts.

For love's tender feelings, for sympathy's arts,

For hearts that have suffered and long understood,

The bars of whose crosses are dyed with their blood.

Ah, they will give service, and whole sacrifice.

To close the wide gashes, to still the deep sighs.

Then bring love to many, kind hearts of the world—

The Red Cross is calling with standards unfurled.

—Frances P. Donnelly.

Will each member of the lunch committees of the Red Cross Shop kindly donate a dish towel? Bring it, please, the next time you come.

Miss Gowdy, an artist well known in Santa Ana, has contributed an oil painting to the Shop. The painting has been suitably framed by the Summer Shop and is now ready for a purchaser who will get value received for his money in addition to helping the cause for which all are working.

Whenever any one goes to Camp Kearny if possible take fresh fruit, oranges, lemons, grapefruit and so on to the Red Cross headquarters for the sick boys. W. A. Wikson, field director, states that such fruit is very acceptable.

Please, when putting up your jelly, jam and preserves, don't forget Mrs. Jeannette Magill wants some for the sick soldiers passing through, and any not needed here will go to Camp Kearny.

The past week 130 comfort kits were shipped—150 pairs of undershirts and 150 undershirts, two boxes of socks, much miscellaneous knitting and two dozen kid waist coats. This is a fine record. When you know how helpful your old kid gloves are, don't neglect to give all you can.

Buy your chewing gum at the Red Cross Shop and have an opportunity of acquiring a nice bowl.

The North Side circle was asked to make 50 pairs of undershirts a month and so far has more than doubled its quota. This speaks well for the workers there.

Mrs. W. S. Rose, chairman of the committee appointed to organize first

aid instruction classes in the Red Cross here, has called a meeting of all persons at all interested in joining any such classes for next Friday evening at 7:30 o'clock at the armory.

PERCY RICHARDS IS IN
THE HOTTEST OF
FRENCH FIGHT

Robert Parker of this city has received a very interesting letter from Mrs. M. L. Richards, mother of Percy Richards, who lives at Thuro, Cornwall, England, in which she tells of the very "hot" time which the former Santa Ana has been experiencing at the front.

Mrs. Richards says that her son cannot tell her of his whereabouts, but by the things he writes and by studying maps and papers, she knows about where he is.

When down the line at Royce, Mrs. Richards says that her son was almost captured and his dugout at Ypres was shelled and he had to get out of it. In the next one nearer the line, he was nearly blown out of it. He also had a terrible time of it at Kemmel, but has had marvelous escapes from injury through it all. It has been a case of missing one shell only to run into two or three more.

Richards has been awarded the military medal for work up the line in clearing the wounded under extremely trying and very dangerous conditions and he naturally feels very proud of the honor bestowed upon him, but he says he has only done his duty, which is what he went out to do.

Mrs. Richards says that leave at present for her soldier son is out of the question and she writes that he would rather stay in the thick of it with the boys, who are absolutely wonderful.

PACIFIC ELECTRIC
ANNOUNCES PLANS
TO INCREASE FARES

Figures Are Given As Presented by the Road to the State Commission

The Pacific Electric Railway Co. last night announced the finishing of the work of compiling fare schedules which they propose asking the Railroad Commission to establish upon all of their lines in order to meet very heavy increases in their expenses, and to meet deficits which have prevailed for several years and now must be met if good service is to be maintained.

The plan is to adjust all interurban fares on a mileage basis, with the exception of round trip fares to the beaches. Following is basis proposed: One-way fares, 3 cents per mile; round-trip fares, 2½ cents per mile, but no increase in round-trip fares will be over 20 cent above existing round-trip fares.

Commutation Tickets

10-ride individual commutation tickets, limited 30 days from date of sale, 2c per mile

30-ride family commutation tickets, limited 90 days from date of sale, 1½c per mile

For daily commuter a 60-ride individual ticket, limited 40 days from date of sale, which can be purchased any day during the month, on the following basis:

Distances 1 to 10 miles, 1c per mile

Distances over 10 miles to 15 miles, 9 mills per mile

Distances over 15 miles to 20 miles, 8 mills per mile

Distances over 20 miles, 7½ mills per mile

These 60-ride tickets will be much better than the old 52, 54 and 60-ride calendar month tickets, as they may be purchased any day during the month and the daily commuter will have forty days in which to make thirty round trips.

46-ride individual scholars' tickets, limited 60 days from date of sale, will be sold on the same basis per mile as for 60-ride tickets.

Round trip fares between Los Angeles and the beaches, which are now 50 cents, it is proposed to increase to 60 cents, this fare to apply alike to all beaches where the fare is now 50 cents. The purpose of continuing this same fare to all of the beaches and not apply a strictly mileage scale, is to preserve past and present conditions with respect to excursion travel. All of the beaches within the present 50-cent zone have been built up under an equality of these round-trip fares.

Los Angeles to Balboa fares from \$1.00 to \$1.20, and Los Angeles to Balboa fares from \$1.00 to \$1.20.

About City Fares

In Los Angeles it is proposed to establish a zone system of fares. The present 5-cent fares will be continued to points on all lines within a radius of approximately 5½ miles from the Hill street station or Main street station, as the case may be. On lines extending beyond this distance, where the present fare is 5 cents, the same will be increased to 7 cents.

It is proposed to increase fares in cities outside of Los Angeles from present 5 cents to 6 cents per ride.

Public hearing of the Pacific Electric's application for increase in fares will be held in the Union League Building, Second and Hill streets, Los Angeles, at 10 a. m. Thursday, June 20, 1918.

MESA BABIES TO BE EXAMINED THURSDAY AFTERNOON, 4 TO 6

HARPER, June 18.—Next Thursday afternoon at the Harper M. E. church, from 4 to 6 o'clock, Dr. Jessica Raiche will examine the babies of the Newport Heights-Fairview district. All having children six years old or under are to bring them for this examination. This examination is to be conducted in June, November and March of each year, it is announced, under the direction of the National Bureau of Department of Labor, to determine the general health of the babes, and where districts are found where these little ones are below normal, to investigate and endeavor to remedy the situation.

Friday, Dr. Raiche will examine the babies of Newport and Balboa at her office from 2 to 6.

Ladies' Aid Meeting

The Ladies' Aid of the M. E. church will hold an all-day session in the church building next Thursday. This is regular missionary day. Mrs. Spaulding is conducting an extensive study on Africa, and the program, which is from 2:30 to 4, promises to be very interesting.

EVERY MEAL A POISONOUS INFECTION

Few folks suffering from kidney and bladder troubles ever think that the meals which they are taking are hastening their death. Every morsel of food taken gives up its quantity of uric acid. This poison is taken into the system through a diseased condition of the kidneys and bladder. In the healthy man nature provides an outlet for this poison. Those in ill-health must take a medical help to drive this death-dealing poison from the system. For over 200 years GOLD MEDAL Haarlem Oil Capsules have been doing this work. They effect prompt relief in all diseases arising from kidney and bladder troubles. Don't put off this vital matter of attending to your health until it is time to make your funeral arrangements. Get a box of GOLD MEDAL Haarlem Oil Capsules today. Look for the genuine. Your druggist sells them. They are guaranteed or money refunded. Insist on GOLD MEDAL Brand.—Adv.

To Our Patrons

In connection with our application for an increase in passenger fares, your attention is respectfully directed to the following:

Effective June 1st, 1918, the wages of all employes of this company were increased.

These schedules of wage increases are the result of recommendations of the Railroad Wage Commission after a very thorough investigation of costs of living, wages and hours of service throughout all sections of the United States and as approved by the Director General. The Pacific Electric is not under Government control, but the bases recommended are accepted as just and reasonable.

This increase in wages, compared with December, 1915, means an increase in the payroll of this company of approximately one and one-half million dollars (\$1,500,000) per year.

Cost of Materials, as well as nearly all other operating costs have increased even more since 1915 than the payroll. Our dollar of revenue has greatly depreciated in purchasing value.

Railroad ties have increased in cost 100%; rails 60%; trolley wire 40%; iron and steel 100%; motor and air brake parts 75%; lumber 110%; asphalt 90%; car couplers 100%; fuses 61%; lanterns 62%; babbitt metal 45%; car wheels 70%; Armature coils 80%; gears 94%; pinions 110%; fuel oil 139%; poles 78%; car axles 150% since 1915.

Our stockholders have never received a dividend and our revenues last year were more than \$800,000 short of the amount necessary to pay the expense of operation, taxes and interest on indebtedness.

We have put off as long as possible this application for an increase in our fares, but the time has now arrived when it is absolutely necessary to have such increase if we are to continue operations without great impairment to the service. Seventy-three per cent of our revenues last year was derived from interurban, suburban and street car transportation.

The hearing of our application before the Railroad Commission of the State of California has been set for Thursday, June 20th, in the Union League Building, Second and Hill Streets, Los Angeles.

These facts are given that you may fully understand this situation and realize the pressing necessity for such increase to the company, its employes and the service to the community.

Santa Ana Physician

Advices Friends to Buy Nuevo Land at \$250 an Acre!

Dr. H. S. Gordon of Santa Ana, not only advises his friends to buy Nuevo land, but to go in debt, if necessary, to buy it. This is a big tribute to pay to any land proposition. Here is Dr. Gordon's letter: "I own 30 acres at Nuevo and my property is NOT FOR SALE! Before locating at Nuevo I studied farming conditions all over the state. I bought this land because I consider it the best obtainable anywhere for the money. I have lived in Orange County 22 years. I was a director in the Southern California Sugar Company, and in this connection I acquired a sound knowledge of soil conditions. If a man wants good land cheap, he can find it at Nuevo. I have actually urged my friends to go in debt, if necessary, to buy this land, because I knew they would make good with conditions such as prevail here. When half of my land was planted to two-year-old trees, a leading Santa Ana banker recommended a loan of \$150 an acre on my ranch. I feel positive that Nuevo Ranch lands will ultimately attain the same valuation as the lands at Hemet, which would be as high as \$1250 for full bearing groves. The water system and general improvements established by the company have been the best. In fact they have gone the very limit for the purchasers. I don't believe there is any other company in the state that has given its settlers better treatment." (Signed) H. S. GORDON.

Nuevo Ranch is located in a high, healthy section of Riverside County in a well developed, settled community. The soil is a rich, fertile, sandy loam. The water supply is plentiful and cheap. The marketing conditions are good. The principal tree crops are apricots, peaches, walnuts and olives. All kinds of vegetables thrive here. Big profits have been made with onions, potatoes, alfalfa, etc. Nuevo Ranch land sells for \$250 an acre, which is placed on a ready-to-planting \$275 an acre. We have two interesting booklets on Nuevo, one contains testimonial letters from the men on the ground and the other answers 125 questions about Nuevo Ranch. They're both free for the asking.

The New Weaves in Wash Goods

In planning for your Summer shopping, remember that Gilbert's gives you dependable merchandise in style and quality with prices moderate in the extreme. This season wash fabrics will be in greater general use than ever before and we take pleasure in announcing that our splendidly complete assortments have finally overtaken the demand. Here are values to prompt immediate selection.

30-Inch Fancy Batiste, 15c

White grounds with stripes, figures, etc. Just a few hundred yards to close at this price.

40-Inch Fancy Voiles, yard 35c

A delightful surprise to find such dainty voiles selling for so little. Beautifully printed patterns in small Dresden and Persian effects. A refined fabric for summer frocks.

36-Inch White Voiles, Yard 35c

A fine threaded sheer weave in checks, stripes, figures, plaids and plain immensely popular for summer dresses.

Much below regular value.

36-Inch White Weaves, Yard 35c

The cool summer dress weaves that are being asked for every day for skirts, middies and children's wear.

Gaberlines, piques, Oxfords and novelty piques. Amazingly good value at 35c yard.

White Piques, Yard 35c

27 in. white piques in both narrow and wide cord. Also unusual qualities at 50c a yard are 36 inches wide. These are in large demand for separate skirts.

Domestic Gingham, Yard 35c

27-inch fine quality, A. F. C. and Red Seal Zephyr Gingham in plain colors, plaids, stripes and checks. This is the fabric you see made up into fashionable summer frocks so popular nowadays.

Others at 25c and 30c.

Phoenix and True Shape Silk Hose, 90c

Conditions considered, it is safe to predict that very shortly there will be a complete absence of such unusual values in high-class hosiery. We are showing these in all the new wanted shades, such as champagne, mouse, Russ calf, Havana brown, greys, white, black, and many other shades.

Court House News

ALWAYS READY TO GO, MISTAKE, SAYS MAN

Charles F. Boston says he certainly is the victim of a misunderstanding, for he is waiting to go to war when ever he is called. He registered in Cochise county, Ariz., and afterward went to Mexico on business. His questionnaire was filled out. Recently he went to work on the San Joaquin Fruit Co. ranch. He notified the Cochise board where he was. It seems that he had already been reported to the adjutant general as delinquent because he had not reported for physical examination. On instructions from the adjutant general of Arizona, Deputy Sheriff Fowler took Boston in charge and is holding him for further instructions. Boston will probably be given his physical examination here and sent to an army camp.

RIGHT OF WAY CASES ARE DISMISSED TODAY

Today dismissals were entered in a number of condemnation actions brought by the Salt Lake for its right of way from Whittier to Santa Ana. The actions are those known as Louis Blybach, Alex. Henderson and Pierre Montary, which cases involved probably fifteen pieces of land near Fullerton. Dismissals came as a result of the taking over of the railroads by the government, which stopped the extension of roads where not needed for war purposes.

HE CHARGES JAP SOLD CIGARETTES TO BOYS

S. R. Elk, principal of the Garden Grove schools, has sworn to a complaint charging W. Nakamoto, keeper of a Jap poolroom at Garden Grove, with selling cigarettes to a 15-year-old school boy.

HER WILL FILED

The will of Mary E. Boyer, who died at Orange on June 10, is filed for probate. Garrett & Coburn are attorneys for the petitioner, Martha McDaniel. The estate, valued at \$10,150, will go to three children of the deceased.

SUIT OVER A FORD

Anna Klaus has brought suit against Sheriff Jackson for possession of a Ford automobile worth \$500. The auto was attached by the sheriff, whose action was under a bond given by the plaintiff in the attachment case.

Corsets cleaned, altered and repaired. Mrs. Cavins, 116 East Fourth.

NEWS IN BRIEF FORM

The board of trustees of the Fullerton Union High School will send Prof. Redfern, who is commandant of the high school cadets, to the officers' training school at the Presidio this summer.

As a labor conservation move and to enable their employees to spend a little more time in their war gardens, Orange clothing and shoe merchants have united in a decision to open their stores at 8 o'clock each morning, instead of 7:30 as formerly, beginning this week. Those observing the new hour are Moore & Vandernast, Herman Walther Company, Will G. Chandler, The Bootery, and Stanley's Shoe Store.

Orange county Fordists are invited to Ocean Park next Sunday, June 23, for the first annual picnic and Round-Up of Southern California Ford owners. A large prize list to be competed for by parties arriving via the Ford route have been offered.

Real estate men and rental agencies at Newport report that many inquiries are being made for cottages for the summer, and predict that Newport Beach will have one of the best summer seasons in years.

There has been considerable talk of organizing a home guard company or platoon in Newport Beach, and quite a number have signified their willingness to join if the plan materializes, says the Newport News. It is estimated that enough could be secured from Newport, Balboa and Newport Heights to at least form a platoon.

Dr. Garland Ross, who was stricken with severe nose bleeding on Sunday, is reported as much improved today, which will be good news to his many friends.

J. T. Wilson has received a card from Mechanic Hubert G. Scott, son of City Attorney and Mrs. G. H. Scott, that he is in Flanders, near the North Sea coast, and that everything is well with him. The young soldier says that he hopes to see his friends this year and sends regards to them all.

City Marshal Sam Jernigan, City Recorder W. F. Heathman, J. H. McDuffie and Jack Palmer were in Anaheim yesterday, character witnesses for B. A. Dross, who was convicted of disturbing the peace by disloyal remarks.

Attention of ladies of the Harper-Fairview district is called to the meeting at Harper church Wednesday, June 19, at 2 p. m., when Mrs. Jessica Hazard, emergency home demonstrator, will be present to assist in organizing a farm home department of the Harper farm center, with the object of helping them to become better mothers and better homemakers. There will be several interesting talks and all women of the community are invited.

A quick-action Santa Ana home talent motion picture, to be filmed here with all local characters, is the plan of Manager Schlesinger of the West End Theater. Under the plan announced today, a popularity contest will be conducted at the theater this week to select the characters, and the 1000 feet of film will be taken early next week. The film, it is announced, will then be developed at Glendale in short order and will be returned here

ALIEN ENEMY IN JAIL FOR NOT REGISTERING

Fred Schmidt, born in Germany, is in jail for failure to register as an alien enemy.

"I am only a harmless preacher," said he. He carried a Bible and a bundle of clothing. He says he has been doing missionary work in Mexico. At the jail he said he was 57 years old, had been in this country thirty-eight years, in the state seventeen and in the county ten years. He was brought here from Anaheim by Motorcycle Officer Carr. It is stated that when Schmidt was told he ought to register he said: "If they want me to register, they can find me."

CARELESS REMARK IS CAUSE OF CONVICTION

On the ground that remarks made by him were unworthy criticism of American soldiers, B. H. Dross of Santa Ana was yesterday found guilty of disturbing the peace. Trial was before Justice Howard and a jury at Anaheim, Deputy District Attorney Koepsel prosecuting and Attorney S. M. Davis defending. Dross alleged that the remarks he made were based on alleged information given by another man, who, when called to the stand, denied that he had made the statements. Dross will be sentenced tomorrow.

TWO BOYS ARRESTED FOR THEFT OF FRUIT

Two boys, one aged 16 and the other 14, brothers, were arrested last night while carrying away half a gunny sack of oranges from the orchard of the San Joaquin Fruit Company, and were taken to jail by the watchman, W. M. Shingleton, who caught them. One of the boys carried a revolver, but made no effort to use it. They said that they have been working on a nearby bean lease, and were taking the oranges to camp to eat.

CHARGES EMBEZZLEMENT

W. D. Bowman of Tustin has sworn to a complaint charging Horace L. Shafer with embezzlement. Bowman was on a lease note given by Shafer to J. E. Prentice for two teams. It is alleged that one of the teams was sold before full payment was made.

SUIT FOR DIVORCE

Jose Luebanos has brought suit for divorce against Carmen Luebanos. Leonard Evans of Anaheim is plaintiff's attorney.

The Garden Grove baby registration will take place at the Y. M. C. A. building there tomorrow (Wednesday) beginning at 10 o'clock. Mrs. H. A. Lake, president of the P. T. A., will be in charge of the registration.

A large number of Garden Grove people are expected to take part in an auto excursion to Long Beach Wednesday evening to the evangelistic meetings of the Ross-Cooper team, who recently held meetings at the Grove. Rev. O. W. Reinus is generalissimo in charge of arrangements, and those having extra seats in their cars are asked to communicate with him.

The automobile class, which has been meeting twice a week at the high school, wishes to continue its work with Prof. Rilliet. Those interested are asked to communicate with Mrs. R. S. Farley, 386-J.

The Republican congressional central committee is to meet tomorrow afternoon at 2 o'clock at the office of R. Y. Williams of Santa Ana.

S. McCoy of Los Angeles, in the employ of the Hoegge Awning Co. and working in front of the Chandler furniture store on the corner of Third and Main streets, fell from a ladder this morning shortly before noon and was painfully injured. The injured man was carried to a physician's office, where it was found that his nose was broken and his lip badly cut.

KNIGHTS OF MACCABEES AUCTION PIES, CAKES

The Knights of the Maccabees went into the auction business last evening and had an exciting and amusing sale of delicious pies and cakes, which brought the sum of \$29.30, which will be turned over to the Red Cross. The Knights donated the dainties, wishing to do their bit toward the good work of mercy being done by the local organization.

Sheriff C. E. Jackson made an ideal auctioneer, "jolly"ing up" his customers until some of the cakes ran up as high as \$3.50.

No other program was prepared for the evening, but appreciated refreshments of ice cold punch and ice cream were served those who attended. The attendance was not as large as anticipated, owing to the warm evening.

The members of the city police force, including City Marshal Sam Jernigan, came in for a treat, when it was found that there was an over-supply of ice cream and punch.

THREE GENERATIONS OF WOMEN

For three generations women of this country have used and recommended to their children and children's children the use of that famous old root and herb remedy, Lydia E. Pinkham's Vegetable Compound, until today it is recognized everywhere as the standard remedy for women's ills. It contains no narcotics or harmful drugs; is made from roots and herbs of the field under the most sanitary condition, and any woman suffering from such ailments should be sure to give it a trial.—Adv.

The Baldwin Dry Air Refrigerator

The Box with the Steady Cold Wave.

—The Baldwin is built of best quality materials throughout and has more exclusive features than any refrigerator we know of. By the Baldwin method of construction, we have a perfect airtight dead air space between the walls, a most desirable feature, dead air being considered the best non-conductor of heat. No charcoal or other filling being used, the walls do not bulge or swell.

—We carry Baldwin Refrigerators in all styles and sizes at \$12.50 to \$75.00.

Other Special Features of the Baldwin

—Odorless rubber insertion is put around the edges of the doors and lids of Baldwin Refrigerators. This in combination with the patent lever wedge lock, makes an exceptionally tight joint, and is a great ice saver.

—We would be pleased to demonstrate the many desirable qualities of the Baldwin Refrigerators.
